TO WHOM IT MAY CONCERN,

I am pleased to write this letter of recommendation for Jana Kostic, who served as an editorial intern at DSCENE Publishing from May 2022 to July 2022. During her tenure, Jana was involved in creating and editing content across our platforms, including DSCENE, MMSCENE, and ARCHISCENE magazines.

Jana exhibited a profound ability to translate press and PR texts into engaging articles that resonated with our readers. Her skill set extended beyond writing, showcasing strong proficiency with social media platforms such as Instagram, Facebook, and Twitter. Moreover, Jana adeptly handled video editing tasks for TikTok and Instagram, adding a dynamic layer to our digital content which significantly enhanced our audience engagement.

What set Jana apart was her incredible speed and efficiency. She consistently completed her assignments ahead of schedule, demonstrating a goal-oriented mindset and a capacity to learn quickly. Her proactive approach and ability to foresee task requirements made her a pivotal member of our team during her internship.

Jana's contributions were not only timely but also of a high standard, reflecting her keen attention to detail and her commitment to quality. Her versatility and eagerness to take on and master new challenges were truly impressive and brought considerable value to our publications.

I confidently recommend Jana Kostic for any role that seeks a dedicated, quick-learning, and highly capable professional in media and content creation. I am certain that her drive and adaptability will be great assets to any team.
